

WORLD CANCER DAY

Tuesday 4th February,
European Parliament, Strasbourg

The European Cancer Patient's Bill of Rights; charting a course for equitable care for the European Citizen

The European Cancer Concord (ECC) under the stewardship of the Society for Translational Oncology, Cancer Patient Advocacy Organisations from throughout Europe and Members of the European Parliament against Cancer (MEPs against Cancer) have come together in partnership on **World Cancer Day 2014** at the European Parliament in Strasbourg to launch a special patient-centred initiative for the citizens of Europe. **The European Cancer Patient's Bill of Rights** represents a catalyst for change, a Charter that provides a framework to deliver optimal standards of cancer research and cancer care for every European citizen. The launch coincides with the publication of two peer reviewed articles on the Bill of Rights in the premier international cancer journals *Lancet Oncology* and *The Oncologist*.
